E-|-----------------------------------|-----------------------------------|
```

This riff starts at the end of the second harmonized solo. The first acoustic riff (Riff.1) is played behind Riff.4.

These riffs are for the first solo. They harmonize quite nicely.

Riff.4 (electric)

```
E-|----------------------------|-----------------------------------------|
B-|----------------------------|-----------------------------------------|
G-|--------9--9--9-------------|------9-9--9--7---7-7-7---------------------|
D-|------9-9--9--9-------9-9-----|-9h11-----11--7h9-----9--6-7---------------|
A-|-9h11-----11--9--9p11-----11--|-----------------------------------------|
E-|----------------------------|-----------------------------------------|
```

This song takes a little practice to get the feel for some of these riffs. Riff.1 should be easy to pick up and the solos are really easy. Have fun with this one and get someone to play the acoustric riff while you try to tackle the electric riffs. It should sound pretty nice when complete.
