tonight, a high road, a high road out of here	And you heart beats so slow
D2 D4 D G	through the rain and fallen snow
the city walls are all come down	across the fields of morning
the dust a smoke screen all around to see	to a light that's in the distance
faces ploughed like fields that once	Oh don't sorrow, no don't weep
gave no resistance	for tonight, at last
	I am coming home
And we live by the side of the road	I am coming home
on the side of a hill as the valleys explode	
dislocated, suffocated	A sort of Homecoming bass tab
the land grows weary of it's own	
	-----7-7-7-7-----7--
O come away, o come away, o come, o come away I say I hmm hmm	-7h9-9-7h9-9-7h9-0-----0-0---- It's basically that all through the song,
G6 D2 G6 D2	----- Move up an octave ocasionally, and play some
O come away, o come away, o come, o come away I say I	----- G and D cords now and then...
