

**On The Road Again, performed by Willie Nelson**

**E** **Ab**

on the road again , just cant wait to get on the road again

**A**

the life i love is makin' music with my friends

**B** **E**

And I cant wait to get on the road again

On the road again, going places that I've never been

Seein'things that I may never see again

And I can't wait to get back on the road again

**A** **E**

On the road again, like a band of gypsies we go on down the highway

**A** **E**

We're the best of friends insisting that the world be turning our way

**B**

and our way is

On the road again, just can't wait to get on the road again

well I find love is makin' music with my friends

And I cant wait to get on the road again

Instrumental Break 2 verses

Repeat Chorus
