Promises In The Dark, performed by Pat Benatar

C#m  B    A
Just when you think you got it down

E            A
Resistance no where to be found

E            A
Never again, Isn't that what you said?

F#m         A  B   C#m
They whisper, promises in the dark

E
You've been through this before

A B  F#
But promises, you know what there for

E          F#
This time you swore you'd think with your head

A         C#m
It sounds so convincing, but you heard it before

A
No one, would ever have you again

A  B         C#m
Cause talk is cheap and you gotta be sure

And if takin' was gonna get done

C#m  B     A
And so you put up your guard

B A  B  C#m
And you try to be hard but your heart says try again

C#m  B    A
Just when you think you got it down

E            A
Your heart securely tied and bound

Riff: G# A G# C#m G# A F# A F# A
They whisper, promises in the dark

E            A
You desperately search for a way to conquer the fear

E            A
Armed and ready you fought love battles in the night

E            A
But too many opponents made you weary of the fight

A         C#m
Where brave and restless dreams are both won and lost

A
Blinded by passion, you foolishly let someone in

A  B
On the edge is where it seems it's well worth the cost

A
All the warnings went off in your head

C#m  B    A
Just when you think you got it down

B
Still you had to give in

E            A
Your heart in pieces on the ground

F#m         A  B         C#m
They whisper, promises in the dark
