SexBomb, performed by Tom Jones

Em  Am
Spy on me baby, you’re a satellite,

Em  B7
if you’re apt to see me move through the night.

Em  Am  Em  B7  Em
Ain’t gonna fire, shoot me right, I’m gonna like the way you fight.

Em  Am
Now you found the secret code I use,

Em  B7
to wash away my lonely blues,

Em  Am  Em  B7  Em
so I can’t deny, all lie, ’cause you’re there, only want to make me fly.

Chorus

Em  Am
Sexbomb, sexbomb, you’re a sexbomb,

Em  B7
you can give it to me when I need to come along.

Em  Am
Sexbomb, sexbomb, you’re my sexbomb,

Em  B7  Em
and baby you can turn me on.

Em  Am
Now don’t get me wrong, ain’t gonna do you no harm,

Em  B7
this bomb’s for loving, you can shoot it far.

Em  Am
I’m your main target, come on, help me ignite,

Em  B7  Em
love struck me holding you tight.

Em  Am
Make me explode although you know,

Em  B7
the route to go to sex me slow.

Em  Am
And, yes, I must react to claims of those,

Em  B7  Em
who say that you are not all that.

(Chorus x2)

Em  Am
You can give me more and more, counting up the score,

Em  B7
you can turn me upside down and inside out.

Em  Am
You can make me feel the real deal,

Em  Am  Em  B7
and I can give it to you when you tell me, ’cause you’re mine.

Chorus

Em  B7  Em  B7  Em
and baby, you can turn me on, and baby, you can turn me on,

B7  Em
and baby, you can turn me on.
