*The second time the chorus comes in, there is this little change starting on this line

Because I'm crazy for you , Touch me once and you'll know it's true.

And that's basically it. Of course I wrote this while listening to the CD. So any comments, fixes, patches, complains and so on will be read and answered. Oh ! I know there are also mistakes on the spelling of some words here due to the fact that I busted my balls trying to figure out the chords that after I finish getting the chords ready I did not want to bother with the lyrics so there's why.
