Intro - Basically Jimi plays the first note with heaps of vibrato. He starts off with the volume control of his guitar turned right down, strikes the note and then brings the volume control up, so that the note rises to a scream.	4--4--x-x-x-4-4 2----- 4--4--x-x-x-4-4 2-----

	The second verse is played much the same as the first, but with different embellishments is the chords - Hendrix seemed able to invent them on the spot.
