<b>intro riff 2x</b>	Trying to find, trying to find where I've been...
(riff)	(riff)
Oh let the sun beat down upon my face, stars fill my dream	O my love the storm who leaves no trace, like thoughts inside a dream
I am a traveler of both time and space, to be where I have been	Hear the band that led me to that place, yellow desert screams
Sit with elders of a gentle race, swirl but seldom seen	My Shangri-La beneath the summer moon, I will return again
Talk of days for which they sit and wait, all will be revealed	As the dust that floats behind you, we're moving through kashmir
(bridge)	O' father of the four winds fill my sails, cross the sea of years
	With no provisions but an open face, beyond the straits of fear
(riff)	Whoa oh o, Whoa oh o
Offer song from tongues of lilting grace, sounds caress my ear	(bridge -riff 1x- bridge)
Not a word I heard could I relate, the story was quite clear	
Whoa oh, Whoa oh	(chorus)
(bridge - riff 1x - bridge)	When I want, when I'm on my way, yea
	When I feel, when I think my brain to stay
	OOOH yea OOOH yea when I'm down
	OOOH yea OOOH yea when I'm down
	OH my baby, OH my baby let me take you there
	Let me take you there....
