

Kozmic Blues, performed by Janis Joplin	A Bm D	I wanna talk about a little bit of loving, yeah,
	Aww, but it don't make no difference, baby, no, no,	I got to hold it, baby,
key: Am	A	I'm gonna need it now,
	And I know that I could always try.	I'm gonna use it, say, aaaah,
INTRDUÇÃO NO PIANO(Am, Am/G, Am/F#, F)	Bm D	
	It don't make no difference, baby, yeah,	Don't make no difference, babe, yeah,
(Am, Am/G, Am/F#, F)		Ah honey, I'd hate to be the one.
Time keeps movin' on,	D D	I said you're gonna live your life
Friends they turn away.	I better hold it now,	And you're gonna love your life
F G	D D	
I keep movin' on	I better need it, yeah,	Or babe, someday you're gonna have to cry.
F G	D C#m A	Yes indeed, yes indeed, yes indeed,
But I never found out why	I better use it till the day I die, whoa.	Ah, baby, yes indeed.
Am		
I keep pushing so hard the dream,	(Am, Am/G, Am/F#, F)	I said you, you're always gonna hurt me,
I keep tryin' to make it right	Don't expect any answers, dear,	I said you're always gonna let me down,
E	For I know that they don't come with age, no, no.	I said everywhere, every day, every day
Through another lonely day, whoaa.		And every way, every way.
	F G	Ah honey won't you hold on to what's gonna move.
(Am, Am/G, Am/F#, F)	Well, ain't never gonna love you any better, babe.	I said it's gonna disappear when you turn your back.
Dawn has come at last,	F G	I said you know it ain't gonna be there
Twenty-five years, honey just in one night, oh yeah.	And I'm never gonna love you right,	When you wanna reach out and grab on.
F G	Am	
Well, I'm twenty-five years older now	So you'd better take it now, right now.	Whoa babe,
F G		Whoa babe,
So I know we can't be right	Oh! But it don't make no difference, babe, hey,	Whoa babe,
	And I know that I could always try.	Oh but keep truckin' on.
Am	There's a fire inside everyone of us,	Whoa yeah,
And I'm no better, baby,	You'd better need it now,	Whoa yeah,
And I can't help you no more	I got to hold it, yeah,	Whoa yeah,
E	I better use it till the day I die.	Whoa,
Than I did when just a girl.		Whoa,
	Don't make no difference, babe, no, no, no,	Whoa,
Chorus	And it never ever will, hey,	Whoa,
		Whoa...
