

<u>Lorelai, performed by Styx</u>	Verse
(Synth intro and verse)	D D7 D Dsus4
When I think of Lorelai	Her eyes be-come a paradise
My head turns all around	she softly speaks my name
She's gentle as a butterfly	She brightens every lonely night
She moves without a sound	No one's quite the same
	She calls me on the telephone
	She says be there by 8
{Note: you can probably fake the synth line by playing 2-0-2-3 on the high E. I don't have a guitar in front of me at the moment, but that sounds right. Just a variation on the D, D7, Dsus4 progression that appears throughout the song.}	Tonight's the night she's movin in
	It's time to celebrate
	The way she moves
	Ooh ooh ooh-oo
D D7 D Dsus4	I gotta say
I call her on the tele phone	
	Lorelai let's live together
D D7 D G	Brighter than the stars forever
She says be there by 8	Lorelai let's live together
D D7 D Dsus4	Brighter than the stars forever
Tonight's the night she's moving in	Oh baby forever
D D7 D G	
And I can hardly wait	D G D G
	Lorelai let's live....Lorelai let's live...
