

Rock N Roll Band, performed by Boston	Dancin' in the streets of Hyannis
	We were getting pretty good at the game
key: B	People stood in line and didn't seem to mind
	You know everybody knew our name
B E A	Livin' on rock-n-roll music
Well... we were just another band out of Boston	Never worry 'bout the things we were missing
On the road to try to make ends meet	When we got up on the stage and got ready to play, everybody'd listen.
Playin' all the bars, sleepin' in our cars	
And we practiced right on out in the street - D,Eb	Chorus
No, we didn't have much money	
We barely made enough to survive	Playin' for a week in Rhode Island
E F# A B7	
But when we got up on stage and got ready to play, people came alive.	A man came to the stage one night
	He smoked a big cigar, Drove a Cadillac car
C#m A	And said, "Boys, I think this bands outta-sight
Rock and roll band, Every body's waitin'	Sign a record company contract
Gettin' crazy, Anticipating	You know I've got great expectations
E F# A B7 E	When I hear you on the car radio
Love... and music, Play, play, play, yeah, yeah, yeah, yeah	You're goin' to be a sensation!"
	Chorus - E F# A, B7 C,D E A E D A E
