

Smokin In The Boys Room - Motley Crue

C# D / G# A

Sittin' in the classroom thinkin' it's a drag

Listening to the teacher rap-just ain't my bag

When two bells ring you know it's my cue

Gonna meet the boys on floor number 2

Checkin' out the halls makin sure the coast is clear

Lookin' in the stalls-nah, there ain't nobody here

My buddies Sixx, Mick & Tom

To get caught would surely be the death of us all

AT THE Check-out counter and I got bored

Teacher were lookin' for me all around

Two hours later you know where I was found
