

<b>Spiders and Snakes - Jim Stafford</b>	<b>E</b>
	You fool, you fool
<b>Opening chords E G A A G E</b>	<b>E</b>
	I don't like spiders and snakes
<b>E</b>	<b>A</b>
I remember when Mary Lou said	And that ain't what it takes to love me
"You wanna walk me home from school"	<b>E G A A G E</b>
<b>A E</b>	Like I want to be loved by you"
Well I said, "Yes, I do"	
<b>E</b>	Well, I think of that girl from time to time
She said, "I don't have to go right home	I call her up when I got a dime
And I would kinda like to be alone some	I say, "Hello, baby"
<b>A</b>	She says, "Ain't you cool"
If you would"	I say, "Do you remember when
<b>E</b>	"And would you like to get together again"
I said, "Me, too"	She says, "I'll see you after school"
<b>B</b>	
And so we took a stroll	I was shy and so for a while
Wound up down by the swimmin' hole	Most of my love was touch and smile
<b>A E</b>	Til she said, "Come on over here"
And she said, "Do what you want to do"	I was nervous as you might guess
<b>B</b>	Still looking for somethin' to slip down her dress
I got silly and I found a frog	And she said, "Let's make it perfectly clear"
In the water by a hollow log	
<b>A</b>	She said, "I don't like spiders and snakes
And I shook it at her	And that ain't what it takes to love me
<b>E</b>	You fool, you fool
And I said "This frog's for you"	I don't like spiders and snakes
<b>E</b>	And that ain't what it takes to love me
She said, "I don't like spiders and snakes	Like I want to be loved by you"
<b>A</b>	
And that ain't what it takes to love me
